

## Department of Economics Scott M. Elliott Graduate Research Award for Best Capstone/Thesis

The Scott M. Elliott Graduate Research Award for Best Capstone Project/Thesis was established to promote and recognize the scholarly contributions of graduate students and their faculty advisors to the field of economics.

**Value of Award:** Student: \$250 Faculty Advisor: \$250

**Eligibility:** All capstone/thesis projects completed during the Fall/Spring academic year are eligible for consideration.

**Selection Criteria and Process:** Capstone/thesis projects submitted for consideration will be evaluated and ranked based on the following criteria:

- Nature, relevance, and importance of the questions addressed in the project;
- Appropriateness of the methods used; and
- Overall organization, readability and clarity of the paper.

All submissions will be evaluated and the award recipients selected by a committee consisting of the Department Chair and the Graduate Program Director (or substitute appointed by the Chair).

**Instructions:** The faculty advisor must complete and submit this application to the Department of Economics (Stevenson 425) by March 28. Please type or print the information requested.
